## **Transfer Degrees in Associate of Arts (AA) or Associate of Science (AS)**

AA or AS degrees are for students planning to transfer to a four-year university. They require successful completion of a minimum of 62 credit hours.

The options listed below transfer to WMU. If you are considering another four-year university, please discuss this with a KVCC Advisor to see if a transfer agreement is in place for your program of interest. If you are planning to go to a four-year university out of state, the Early/Middle College program may not be in your best interest due to transferability of coursework.
