Dates that bus hub doesn't operate

The bus hub operates on the high school schedules. Therefore, **the following dates that KVCC is in session do not have bus transportation: September 4, November 2, November 21, January 25, February 22, March 28, March 29, April 1-5, April 9-10.** Five of these dates are Fridays and KVCC has very few Friday classes.

Important Reminders

It is very important that students understand they must head directly to class when they arrive at KVCC. Bus drop off times are very close to class start times, usually 5-10 minutes. KVCC Instructors expect you to be on time to class. The bus timing will not be an acceptable reason for being tardy.

It is also important that students head directly for the bus when their morning classes end. Bus pick up times are also very close to class end times. The bus must leave at the scheduled time so it can return to the hub and get students back to their high schools.
