*“It’s a great program that is taught by an actual veterinarian. When in EFE, you learn things that you wouldn’t in a traditional classroom setting.”*

- Megan Richardson, Alumna

## Veterinary Science Natural Sciences & Agriscience Pathway

During the first semester, students will focus on anatomy, medical terminology, hematology, animal breeds, animal health and care, restraint and handling, veterinary lab procedures and parasitology. The second semester will combine continued classroom instruction on specific skills with field work in area veterinary clinics. This program will introduce students to and help prepare students for various jobs in the field of veterinary medicine.
