

My visit to the Audiologist!

Read the story with your child to learn about what will happen during their visit to the Audiology Clinic.

My family will drive to a big building.

We will walk into the building and check in with the receptionist.

We will wait in the waiting room until it is our turn to see the audiologist.

I will sit in a chair and wait while my family talks to my audiologist.

My audiologist will look in my ears. Then, I will wear an earphone in my ear and watch a computer draw pictures.

My audiologist will put a different earphone in my ear and a computer will draw lines.

I will go into a quiet room and play a hearing game. I will wear earphones in my ears and listen for beeps. I will let the audiologist know when I hear different beeps.

After the hearing game, I will sit in a chair again and wait while my family talks to my audiologist.

I did a great job and I get to pick a prize from the treasure chest!

I'm all done and now I get to walk back to my car. Goodbye!
