

# CAREER READINESS

## CONNECTING CLASSROOMS TO CAREERS

Students must know what they **CAN** be before they must choose a career!

Let us help you change this statistic to ensure all students are successful!

Connecting careers with academics is shown to increase student motivation and learning.

Connect academic standards with 21st century skills.

Teacher field study experiences demonstrate how academics are used in high-tech workplaces.

Create Career Pathway projects and teach your unit the same way.

Answer the question, "When will I ever use this?"

Differentiate instruction without changing existing lesson plans.

Listen to guest speakers who can connect academics to real-world skills.

Connect self-awareness and quality work in academics with careers.
