

Comics, Manga and Graphic Novel Arts

Web based and at High School

In this class you will:

- Learn to write and produce compelling, artistic and inventive comics or manga, and Graphic Novels.
- Research the history of comics, study the elements of story, plot, and character development, and the productive use of imagery, layout, and composition.
- Work individually and collaboratively on projects and develop projects through manipulation and editing of found media and open source graphics.

Comics, Manga and Graphic Novel Arts is a 1/2 credit course.

Available 1st and 2nd semester; and 1st, 2nd, and 3rd trimester.

Hybrid course - Four days a week online, one day a week the instructor will be at student's high school.

Time: Varies by high school, one period between 9:45-11:45am.
