

CTE/EFA Transportation Challenges?

As you are all aware, considerable confusion can occur during the transportation of our CTE/EFA students to and from their respective schools and off-site locations.

Our district transportation offices would like to have **immediate** (within 5 minutes) contact from a site when bus problems arise. For example, if a bus has not arrived at Conservation Biology to pick up Kalamazoo Central students for their return trip to school, contact the transportation coordinator immediately so that it may be resolved in a timely manner.

WHEN CALLING TRANSPORTATION, PLEASE GIVE THEM THE INFORMATION THEY NEED, SUCH AS:

“THE 9:45 BUS # _____ PICKING UP KALAMAZOO CENTRAL STUDENTS AT HERONWOOD HAS NOT ARRIVED.”

Please contact the Kalamazoo RESA Transportation Coordinator:

Kris DeRyder_269-491-7928

CTE Office 269-250-9300

If you need additional assistance, or if you are dealing with a persistent problem with transportation, please contact your CTE or EFA Coordinator.
