

Understanding the Transition Comparison Chart

K-12

- ❖ The school must seek out the student and assess a student's learning difficulties and determine diagnosis
- ❖ Once diagnosed, the students must receive services (entitlement)
- ❖ Parents can receive information about their children
- ❖ Parents can initiate communication with teachers
- ❖ Students receive assistance with technology

College

- ❖ The student must have an assessment already in possession and disclose to the college
- ❖ The college student may apply for accommodations (eligibility).
- ❖ Parents cannot receive information about their children (FERPA)
- ❖ Students must initiate communication with instructors
- ❖ College students should already be familiar with technology
