A. General Information

ISDs serve as a central support system for all public, charter and non-public schools that operate within their district. There are 57 Intermediate School Districts (ISDs) or Regional Education Service Agencies (RESAs) in the state of Michigan. No two are exactly alike. Each bases its work on the specific needs of its constituent public school districts. All offer leadership, programs, and services in the areas of instruction, career and technical education, special education, technology, and business related functions.

	FY 2006-2007			
Total Budget	\$ 59,830,927.00			
Pupil FTEs	34,584.34			
ISD Employees	831			
Constituent Districts, PSAs, Nonpublic Schools	26			

B. Travel Information

As ISDs seek to provide leadership, programs and services to their constituents, staff seek out best practices, gain state and national educational perspectives, gather knowledge and skill levels that reflect the latest trends, innovations, and challenges. This requires more travel to conferences and trainings than you would typically experience in a K-12 school district.

E. Salary, Expense Account, & Supplemental Compensation Information

ISD employees are typically categorized by classification. All classifications are normally established according to demands of the position, level of responsibility, job functions performed, credentials and skills required, etc. Each classification falls into at least one established salary schedule, which takes into account such factors as seniority in position or in similar positions, comparison to similar jobs elsewhere in the community, cost of living factors, etc. In addition, some classifications require travel inside and outside of the ISD, attendance at meetings, and attendance at workshops and conferences. Expenses for these activities are strictly limited in a budget approved annually by the ISD Board of Education.

Employee			Salary	Exp. Acct.	Reimb. Exp.	Suppl. Comp.
Superintendent			\$ 139,412	\$ 7,086	\$ 5,437	\$ 16,744

F. Fiber Optic/Cable Equipment & Operating System Software for Fiber Optic/Cable Equipment Networks

Many ISDs utilize fiber networks which benefit students and the community. These high capacity broadband networks interconnect districts, improve the delivery of Internet, instructional, and administrative resources while reducing over-all costs. Through partnerships, ISDs, local schools, county and other governmental units, and Central Police Dispatch (911), have access to fiber wide-area networks that are more affordable for all partners.

Fund Source			Expenditures for Fiber Optic or Cable Equip. or OS Software			
General Fund			\$ 43,035.00			

G. Public Relations, Polling, Lobbying, and Legal Services

The 57 intermediate school districts (ISDs) or regional educational service agencies (RESAs) were created by the legislature in 1962 to bring about quality and equitable educational opportunities to students and schools throughout the state. Because public education is funded and regulated by the state and federal government, it is necessary for ISDs to use some resources to fund activities that promote public accountability, research, and government communications. The guiding principle for all activities of this nature is to advocate for the children we serve.

Vendor			Services	Amount		
Thrun Law Firm PC			Legal Services	\$ 12,167.19		
LaPoint and Butler PC			Legal Services	\$ 4,582.21		
Varnum, Riddering, Schmidt, Howlett LLP			Legal Services	\$ 16,746.00		
EPIC/MRA			Polling	\$ 28,000.00		
Anchor Associates Inc.			Lobbying	\$ 13,100.00		

H. IRS Tax Form 1099s in Excess of \$25,000

Cost savings can often be realized by contracting with individuals for limited, specialized projects. For the fiscal year 2006-2007, the following projects and services were accomplished under contracts that exceeded \$25,000:

Name	Amount	Project(s)	Services
Diane Bussema	\$47,972.24	Language Arts Consultant	Professional Development
Jin Ping Shen	\$56,427.00	Middle School Teaching American History Grant	Evaluation of Grant

I. Certain ISD Expenditures

Every organization requires leadership. ISDs within the State of Michigan have been charged by the Governor and the Michigan Department of Education to communicate, train, support, and lead educational initiatives defined by the state and federal government. Most recently these include, but are not limited to, the following: No Child Left Behind, newly enacted high school graduation requirements, the Michigan School Improvement Framework, and the new Grade Level Content Expectations for the core subjects. ISDs are required by law to meet the individual and specialized needs of students within our region including the areas of Title I, Special Education, and Career and Technical Education.

	\$ Amount	% of Budget	
Administrative costs	\$ 1,667,927.00	2.7877%	
Public Relations, surveys, polling, lobbying legal fees	\$ 235,414.31	0.3935%	(Includes \$76,716 also reported in G. above)

J. Motor Vehicle Information

Because ISDs serve numerous districts, sometimes covering large geographic areas, certain vehicles might be provided for specific transportation needs.

Motor Vehicles	Purpose
