## Reconfirmation Meeting for June 2021

### Reconfirm instructional delivery method:

In collaboration with Kalamazoo County Health & Community Services, no changes are recommended for the delivery of instruction described in the August 2020 board approved [Kalamazoo RESA Preparedness and Response Plan](#). The primary mode of instruction will remain face-to-face 5 days/week, with a remote option available for pre-K (Head Start/GSRP) and individualized remote/hybrid options available for special education center-based programs.

Required and strongly recommended safety procedures and protocols from the [MI Safe Schools Return to School Roadmap](#) will remain in place.

### Reconfirm how instruction will be delivered for each grade level:

#### Pre-Kindergarten (Head Start/GSRP):

- June 1-25: In-person instruction 5 days/week and a fully remote option

#### Elementary (Grades K - 5):

- June 1-25: In-person instruction 5 days/week and individualized remote/hybrid options

#### Middle School (Grades 6 - 8):

- June 1-25: In-person instruction 5 days/week and individualized remote/hybrid options

#### High School/Post-Secondary (Grades 9 - 14):

- June 1-25: In-person instruction 5 days/week and individualized remote/hybrid options

**Reconfirm whether or not the district is offering higher levels of in-person instruction for English language learners, special education students, or other special populations:**

The populations served by KRESA in Head Start/GSRP and Special Education Center-Based programs require higher levels of in-person instruction, which is why in-person instruction for 5 days/week has been made available as much as possible to students.

**Document Public Comments:**

During each monthly Kalamazoo RESA Board of Education meeting, an opportunity for public comments is available at the start of each meeting. During the month of June, the following public comment was provided:

We did not have any community members, staff, or families participate in public comment during our Board of Education meeting where we discussed the reconfirmation of our instructional delivery method. A link to the virtual meeting was made available on the KRESA website as well as instructions for how to provide public comments.
